

Diplomatic Relations: Celebrating Culture, Friendship, and Global collaboration

Issue No. 9 | 2025

The **Austrian National Day 2025**, happened last October 27, 2025, was a wonderful celebration of culture, friendship, and shared values between Austria and the Philippines.

This event was attended by PNI International's President, and PNI was truly grateful to be part of this meaningful celebration, which served as a reminder of the enduring friendship and partnership that continue to strengthen ties between our two nations. The beautifully arranged venue, lively music, captivating performances, and authentic Austrian cuisine created an unforgettable atmosphere a true reflection of Austria's rich cultural heritage.

Adding to this milestone of collaboration, Advantage Austria hosted the **#IFO Sprechtage** on September 23, 2025, an insightful event that brought together key figures in business and international cooperation. We are proud to share that PNI International's President, Ms. Jan Kay Quintos, was among the distinguished speakers, sharing valuable insights on global workforce development.

At PNI International, we remain committed to fostering partnerships that build bridges, uniting nations, cultures, and opportunities for a stronger, more connected world.

Stay tuned for more updates on PNI's global journey for 2025!
